## **DETAILED ACTION**

### ***Amendment***

The amendment file 2 June 2006 has been entered into this application. Claims 2-4 are cancelled.

### ***Response to Arguments***

Applicant's arguments/remarks, see pages 7-9, filed 2 June 2006, with respect to the rejection(s) of claim(s) 1-2 under 35 U.S.C. 102(b) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn.

### ***Examiner's Reasons for Allowance***

Claims 1 and 5-8 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

As to claims 1 and 6, the prior art of record, taken alone or in combination, fails to disclose or render obvious passing a light beam from the selected source through a filter, passing the filtered light beam through a polarizer or reflecting the filtered light beam with a mirror and passing the polarized light beam through a concave lens to diverge the light passing therethrough, in combination with the rest of the limitations of the claim. Claim 8 is allowable by virtue of its dependency.

As to claims 5 and 7, the examiner's statement of reasons for allowance is indicated in the previous Official Action dated March 7, 2006.

### **Additional Prior Art**

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The references listed in the attached form PTO-892 teach of other prior art testing method for an optical layer of a polarizing.
